## Pristine Guyana

*Guyana is an irresistible combination of fascinating and breathtaking natural beauty, pristine Amazonian rainforests, an immense waterfall and amazing wildlife all blended with a vibrant indigenous culture, rich heritage and some of the most hospitable and friendly people in the world. On this trip we travel deep into the rainforest to Iwokrama – one of the best places for spotting Jaguars – and gain a unique perspective of the forest from its amazing canopy walkway, as well as visiting the Amerindian village of Surama to learn more about the lives of Guyana's indigenous people. After experiencing nature walks and canoe trips to spot the flora and fauna of the region we travel to Rock View Lodge, where you can hike in the nearby mountains. Finally we head to Karanambu Lodge with its landscape ranging from savannah to wetlands and forest where we take trips on the river, look for birds, monkeys and Giant Anteaters, and experience the overwhelming hospitality that characterises this part of the country. This is a truly unforgettable trip through a stunning land that no serious nature lover should miss.*

### Tour itinerary notes

While our intention is to adhere to the day-by-day itinerary as printed below, a degree of flexibility is built in. Overnight stops may vary from those suggested and on occasions alternative accommodation, of a similar standard to that named below, will be used.

### Tour Guide

Our guides are a key strength, chosen for their knowledge of and passion for the areas in which they work. All of our guides are carefully hand-picked and are born locally. Unlike some companies it should be noted we do not send a guide or tour leader from Undiscovered Destinations in the UK as we have every confidence in our locally appointed representatives who are responsible for operating the tour on our behalf. On this tour you will have local guides at each property.

## Itinerary

### Day 1 – Georgetown

Arrive in Georgetown, Guyana's capital and transfer to your hotel. Overnight at Cara Lodge or similar.

### Georgetown

Located on the coast, Georgetown is Guyana's largest city and has a distinctly Caribbean feel to it, interspersed with its colonial British, French and Dutch heritage. The city was founded in the 18th century but did not become the capital until it was captured by the French in 1782, only to fall into British hands thirty years later. It owes its existence to the fertility of its soil – early settlers found this to be an ideal region for establishing plantations, and reclaimed what had been floodplains through the building of dykes and canals. Georgetown's streets are laid out in a grid pattern and contain many interesting historic buildings dating back to the 19th century, as well as some colourful markets.

## Day 2 – Kaieteur Falls

This morning experience Guyana's historic landmarks and colonial architecture, dating back to the Seventeenth Century, on a city tour. Afterwards transfer to the airport for your flight to the famous Kaieteur Falls, the world's highest free-falling waterfall, where the Potaro River drops 741 feet into the gorge below. Afterwards we return to Georgetown for the evening. Overnight at Cara Lodge or similar. (B)

\*On occasion the visit to Kaieteur Falls may need to be re-scheduled.

## Kaieteur Falls

Kaieteur Falls is a spectacular site, five times higher than Niagara Falls, and one of the most powerful waterfalls in the world. First seen by Europeans in 1870 it was known to indigenous people before this – the legend is that it was named after a great chief. Although there are taller and wider falls, Kaieteur's distinction comes from its combination of both volume of water and height.

## Day 3- Karanambu Lodge

At 06.00 hours transfer to the airport for your flight to Lethem, and drive north into the Rupununi Savannahs passing giant anthills, to our destination Karanambu Lodge, established by the late Diane McTurk. In the late afternoon we take a boat out on the river to look for Giant River Otters and other species, and as dusk falls we continue by boat to the ponds to see the giant Amazonia Regis Water Lily which blooms at this time of day. On the boat ride back a spotlight will be used to search for Black Caiman and other night animals. Overnight at Karanambu Lodge (BLD)

***Please read the notes on luggage under "Preparing for your Tour"***

## Karanambu

Karanambu Lodge is situated where the north savannah grassland, swamp and flood forest meet on the Rupununi River and the horse flats stretch towards the Pakaraima Mountains and into Brazil. The settlement has the flavour of an Amerindian village, with its clay brick and palm thatched cabanas set in a compound between the bush and the open range. The lodge accommodates guests in five cabanas with verandas; twin bedded rooms and en-suite bathrooms. Meals are served around a large dining table in the open hammock-swagged living room of the main ranch house. Outstanding tropical freshwater fish and teeming bird life abound. The area is also a last refuge for the Giant River Otter and the river reveals Black Caiman and for the lucky, the huge Arapaima, the world's largest fresh water fish.

## Day 4 – Karanambu Lodge

This morning travel out to an area of rolling grassland which is home to a population of Giant Anteaters. There is a good chance of seeing some of these remarkable looking creatures. During the afternoon you can explore the area around the river to glimpse some of the many birds, and in the evening, walk along the airstrip for the chance to spot some of the seven species of Nightjar that live there. Overnight at Karanambu Lodge (BLD)

## Day 5 - Caiman House & Yupukari

After breakfast take a boat further up the Rupununi River to Yupukari Village. Tonight enjoy a foray on the river from the Caiman House Field Station; as guests we have the unique opportunity to support and participate in an ongoing field study of the Black Caiman, the largest member of the Alligator

family, and an endangered species. If the water level is low enough we will be invited to accompany the indigenous crew as they search for and capture these magnificent reptiles on the river. Overnight at Caiman House. (BLD)

#### **Day 6 – Caiman House**

Today we will travel by boat from Awariku Lake following the creek through the forest, before emerging into the Rupunini River and drifting downstream- this provides good opportunities for spotting a variety of birds including the elusive Agami Heron and the Rufescent Tiger Heron. We will spend time this morning observing village life before returning to Caiman House. This afternoon we will head out on to the Rupununi River, where we will select the perfect sandbank to set up camp for dinner under the stars- this is a good opportunity to try your hand at local fishing. Sip your drinks as the sun sets while the crew prepare dinner. On the way back to the lodge we will see many birds settled for the night in the branches of the trees, such as Capped Herons, Black Crowned Herons, Boat Billed Herons, and Nightjars. Along the banks we will keep a watch for Black and Spectacled Caiman, and Capybara who on occasions come down to drink at the river. Overnight at Caiman House. (BLD)

#### **Day 7 - Rewa Lodge**

After breakfast we will drive to Kwatamang Landing on the Rupununi River and continue by boat for approximately 45 miles to Rewa Amerindian Village. The residents of the village are mostly Macuchi and Wapishana Indians, and it is located on the confluence of the Rewa and Rupununi Rivers. Depending on the water level, the journey can take between two and three hours and offers an ideal opportunity to see Giant River Otters, Caimans, Capybaras and myriad bird species. In the afternoon, our guide will take us on a tour of the village, where we can witness the traditional customs and practices that are part of daily life. Overnight at Rewa Eco Lodge (BLD)

#### **Day 8 - Canopy Walkway & Atta Lodge**

After breakfast, we head out onto the Rewa River, with a great chance to see monkeys, Capybara, Giant River Otters, and many species of birds. The river is also home to the largest scaled freshwater fish, the Arapaima. Return to the Lodge for lunch and then travel by boat to Quatermang Landing, before continuing by vehicle to a trail in the Iwokrama Forest where we will hopefully see the brilliantly coloured Guianan Cock-of-the-Rock. If we are very lucky we may even glimpse the elusive Jaguar. Our destination for tonight is the Iwokrama Canopy Walkway. Overnight at Atta Rainforest Lodge. (BLD)

#### **Day 9 – Canopy Walkway & Atta Lodge**

Take an early morning canopy walk to experience the forest from a different perspective. Enjoy a full day exploring the forest around Atta Lodge, and also the clearing around the lodge, where you will have an excellent chance of spotting the Crimson Fruit Crow. Overnight at Atta Rainforest Lodge (BLD)

#### **Day 10 – Iwokrama River Lodge**

After breakfast, continue by vehicle to Iwokrama, an incredible region of rainforest with a breath-taking diversity of species. Iwokrama offers one of the best opportunities to see Jaguar in the wild. This afternoon is free to explore the trails with a ranger, and later we take a night boat trip to look for Caiman and other nocturnal creatures. Overnight at Iwokrama River Lodge. (BLD)

### **Iwokrama**

Iwokrama Forest covers nearly a million acres and is home to a bewildering array of different species. Its name means 'place of refuge' in the language of the Makushi Amerindians, who retreated here to avoid the predations of the slave trade. Iwokrama was established as a centre for the study of the rainforest and has been set aside to promote sustainable tourism within the region. Wildlife here includes Jaguar, Caiman, Howler and Spider Monkeys, rodents such as Pacas and Agoutis, and Peccaries among numerous other species. The birdlife here is equally spectacular, with Toucans, Macaws, Hummingbirds and the sought after Guianan Cock of the Rock.

### **Day 11 – Turtle Mountain & Iwokrama River Lodge**

Take a morning boat ride on the Essequibo River to spot wildlife, followed by a boat journey to Turtle Mountain where we walk to the summit (approximately 2 hours) for spectacular views over the forest canopy. For those who feel that the walk may be too strenuous an alternative boat ride can be taken to Stanley Lake to search for Giant River Otters and Black Caiman. Afterwards we visit Kurupukari Falls with their prehistoric Amerindian rock arts (dependant on the river level). Overnight at Iwokrama River Lodge. (BLD)

### **Day 12 – Piraiba Lodge**

After breakfast, take a short drive to Fairview Amerindian Village, home to the Macushi tribe who share the Iwokrama Reserve, and continue by boat deep to Piraiba (Lau Lau) Lodge. It is situated on the Eastern Bank of the Essequibo River, deep in the jungle, and named after the largest species of catfish in South America. This evening you can try your hand at fishing while observing birds such as Macaws and Toucans returning to their habitats to sleep. After dark, we will take to the river to search for Black Caiman and night birds such as the Spectacled Owl, White-winged Potoo, Rufous Potoo, Long-tailed Potoo, Zigzag Heron or Blackish Night Jar. Overnight at Piraiba Lodge (BLD)

### **Day 13- Georgetown**

After breakfast, take a leisurely boat ride, along the river to the Iwokrama Airstrip for your flight at 11.00 hrs to Georgetown, where you will be met and transferred to your hotel. The rest of the day will be at leisure. Overnight at Cara Lodge, (B)

**Accommodation and Meals**

**Hotel Check-in Times**

On this tour most hotels will allow guests to check-in from 4pm. Please note that the price of your tour does not include guaranteed early check-in. Therefore please advise us if you would like to ensure that your room is available for an earlier arrival. This is particularly relevant on the first day of the tour and for early morning arrivals. One option is to pre-book and pay for an extra night at the beginning of your tour which will guarantee your accommodation is available irrespective of what time you arrive. Please contact us for information and costs.

It should also be noted that on many of our tours we have set-aside Day 1 of the itinerary as an 'arrival day'. For this reason and because tour participants are likely to be arriving at different times, and often from different countries, guided sightseeing or other activities are not included. If you are arriving early or before the start date of the tour and would like to organise some extra arrangements on a private basis please contact us.

At Undiscovered Destinations we know our travellers prefer to stay in comfortable, mid-range accommodation. On this tour you can expect rooms to be en-suite, with private bathroom and you will find your hotel has a restaurant and/or bar.

We welcome solo travellers and single rooms will be allocated subject to the applicable tour supplement. Please note that on occasions you may not always be allocated a double or twin room, as some hotels have

### Passports

Diphtheria and Tetanus, Hepatitis A, Typhoid, Meningitis. The use of a DEET-containing insect repellent is highly recommended, and we recommend that you take professional advice about malaria prophylactics.

## Preparing for your tour

### Climate

As Guyana is situated just above the equator, it enjoys year round warm temperatures with an average in the high twenties (Celsius), with high humidity. It is cooler at the coast than in the interior. The interior experiences two wet seasons – the main one from May to September and a shorter rainy period in December.

### Clothing

When it comes to clothing it is usually recommended that lighter clothes are worn through the day, and warmer ones at night. A hat is also advised to be worn through the day to protect from the sun, along with at least one piece of waterproof clothing for any days that the weather may be wet or windy. Guyana is warm all year round and so there is no need to bring masses of heavy clothing, although a fleece or something similar may be appreciated. It's a good idea to bring some long trousers and long sleeved shirts to avoid being bitten by insects.

### Equipment

Suncream/sunblock is a must – please ensure you bring enough as it may not be available locally. Insect repellent, including a bite spray will also be useful to have. You should also bring binoculars if you have them – these will greatly enhance your wildlife viewing.

### Footwear

Footwear is a main priority on this tour. Comfortable walking shoes/boots are recommended and should be waterproof if possible as you will be climbing into and out of boats.

### Luggage on tour

Passengers travelling on internal flights within Guyana are allowed a total free luggage allowance of 20lbs/9.1kgs per person. If this is exceeded charges will apply, but the additional baggage allowance can only be confirmed by the airline, on the day of travel. If you wish to ensure that you are able to travel with extra luggage you can consider purchasing an additional seat on the aircraft.

### Electric Supply & Plugs

Plugs are generally of the three pin, American style variety.

### Tour Itinerary Versions

Please ensure that you have an up-to-date copy of these tour notes immediately before you travel, as from time to time our itineraries may be amended, either for operational reasons or in response to feedback from customers. You will be informed of any major changes to your tour but small changes may just be added to these tour notes. 14/08/2018
